

0143.2 PUPIL REPRESENTATIVES TO THE BOARD OF EDUCATION

In order to facilitate awareness by Board members of the point of view of the district's pupils, a pupil enrolled in either grade ten, eleven, or twelve of the Hopewell Valley Central High School will be included as a non-voting participant in school Board activities, with the exception of meetings and committees which involve personnel or other matters which by law or contractual agreements are required to be carried out in closed meetings.

The pupil representative will be seated and an alternate pupil member recognized at the regular Board meeting following selection by a process set forth in the Student Handbook. The pupil representative's term will be for one year. During such term of representation, the pupils will conform to all academic and social standards required for membership on the Executive Board of the Student Council. The pupil representative and the alternate will adhere to rules and standards required of regular Board members.
